# 2025 Course List

Course Name		<b>PRE-CONFERENCE CLASS N.F.P.A. Level 1 Trench Rescue</b>
Length	24 Hours	
Description	<p>This three day course is designed to meet certification requirements for Level 1 Trench Rescue operations based on NFPA 1670 and 1006. This course is standard for members of a technical rescue, structural collapse or US&amp;R team. Participants will learn how to safely conduct trench rescue operations in non-intersecting trenches. Emphasis is placed upon safely conducting trench rescues as part of a team. Students participate in extensive hands-on exercises along with scenarios enabling them to apply newly acquired skills and knowledge in a challenging real-world environment.</p> <p><b>This class involves extreme physical activity!</b></p>	
Pre-Requisites	None	
Fees	\$175.00 (Includes lunch for Saturday, Sunday, and full conference exhibit entrance)	
Materials	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>Drill Field Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Leather Gloves</li> <li>✓ Rescue Helmet with chin strap</li> <li>✓ Standard work/duty clothing</li> <li>✓ Eye protection</li> <li>✓ Boots with safety toe</li> </ul> <p><b>Recommended:</b></p> <ul style="list-style-type: none"> <li>✓ Knee Pads</li> </ul>

# 2025 Course List

<b>Course Name</b>	 <b>FF297</b> <b>Think Fast! Tactics from the Officer's Seat</b>
<b>Length</b>	4 Hours
<b>Description</b>	<p>Today's fire service presents many unique challenges for the fire service officer. With homes and businesses being constructed with light weight trusses and/or engineered lumber, the strategy and tactics utilized while fighting fires in these type buildings can prove to be challenging and inherently dangerous. The strategical and tactical approaches used in years past must be revisited. As less experienced officers are promoted and the overall number of structure fires declining, this proves to be a two-edged sword. The new aspiring officers are not afforded the opportunity to gain the valuable experience that aids in good, safe decision-making as it relates to applying the proper strategies and tactics to a given incident. On the other hand, fire prevention, suppression systems as well as fire codes have proven to be successful in minimizing the number of fires.</p> <p>With that being said, an avenue to gain knowledge, skills and abilities are in great demand. In the "Think Fast! Tactics from the Officer's Seat" course, students will participate in a multifaceted approach to developing the proper strategy and tactics used throughout various types of emergency incidents. The class will be comprised of a lecture and discussion of the department's SOP's / SOG's. In addition, the use of simulation scenarios will be utilized to bring a realistic approach to the classroom. Basic as well as more complex simulated scenarios will be utilized. Each student will have the opportunity to act as the OIC (Officer in Charge) or be part of an Engine and/or Truck Company. This in turn will help build the valuable knowledge base needed while making decisions on actual emergency scenes.</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$75.00 (Includes full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper
<b>Dates</b>	Sunday June 1, 2025, 1:30PM – 5:30 PM
<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Classroom 3

# 2025 Course List

<b>Course Name</b>	 <b>CHIEF DEVELOPMENT / OFFICER DEVELOPMENT EO100-008 Fire Chief Orientation Complete Series</b>
<b>Length</b>	16 Hours
<b>Description</b>	<p>This course is designed for Fire Department Chief and Company Officers who are preparing to or entering the upper management level of his/her department. The objective of this course is to develop the chief officer for the administrative and operational challenges of the fire service in the 21st century.</p> <p>Major topics covered in the course are program orientation; ethics; establishing a partnership with the community; budgetary process, budgeting and auditing practices, budget development, and fiscal planning; managing human resources; inspections risk management and safety programs; TN legal requirements for fire departments.</p> <ul style="list-style-type: none"> <li>• Student will be knowledgeable in legal issues, budgeting and human resources.</li> <li>• Student will be knowledgeable in safety and state requirements including TOSHA and TFIRS.</li> <li>• Student will be knowledgeable in mutual aid and water utilities.</li> <li>• Student will gain valuable information from TN State Offices including Fire Marshal's Office, TFACA, Bomb and Arson and Firefighting Commission</li> </ul> <p><b>This Class is Free, The Price is the Registration and Meal Fee</b></p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$50.00 (Includes lunch for both days and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper
<b>Dates</b>	Saturday, May 31, 2025, 8:00 AM – 5:30 PM Sunday, June 1, 2025, 8:00 AM – 5:30 PM

<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Elkmont Room	

# 2025 Course List

Course Name	 Little City RIT
Length	16 Hours
Description	<p>This is not an ADVANCED RIT CLASS. No crazy off the wall techniques will be taught or covered. No bizarre scenarios will be used. This class is designed around the most basic fundamentals of RIT and adapted to fit the ever growing Limited Manpower Fire Department. Only 7.5% of FF Rescues were performed with a designated RIT TEAM according to Project Mayday. With this being said the students will not be functioning as a RIT Team but rather as a first or second due Engine Company assigned to fire attack and/or primary search. The class is designed to build confidence, and focuses on communication, critical thinking, adaptation, and a never quit attitude. It is not designed to make the students fail. Be that as it may, THIS IS NOT AN EASY CLASS. Students will be challenged mentally and physically even in the most basic scenarios. Instructors AND Students will perform these evolutions together in a high stress, zero visibility environment. Students and Instructors will perform in either simulated or real smoke, they will get wet, and they will run their bottles dry but by the end of the class, ALL will be more confident and prepared in the event that a MAYDAY event strikes their department.</p> <p>Instructor: David Dureiko, Training Coordinator, Muson Fire Department Through The Smoke Fire Training</p>
Pre-Requisites	None
Fees	\$150.00 (Includes lunch for Sunday and full conference exhibit entrance)

# 2025 Course List

<b>Course Name</b>	 <div> <b>FF175</b>  <b>Firefighter Survival: “GET OUT ALIVE”</b> </div>
<b>Length</b>	16 Hours
<b>Description</b>	<p>This course is designed to prepare firefighters for the dangers that are present on the modern day fireground. Students learn and demonstrate proven survival skills that have prevented firefighters in the past from dying when unexpected events occur. Topics include SCBA emergencies, escapes and confidence, entanglement emergencies, wall breeches, and disorientation emergencies. Additional topics include anchors and knots, rope escape techniques; hose slide, straddle, hang and drop. This course is geared towards keeping the firefighter from becoming trapped in a situation where they themselves would require rescue.</p> <p><b>This class involves extreme physical activity!</b></p>
<b>Pre-Requisites</b>	Basic Firefighting (FF100) and Firefighter I Live Burn (F111) or Recruit Firefighter (F100)
<b>Fees</b>	\$150.00 (Includes lunch for both days and full conference exhibit entrance)
<b>Materials</b>	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>Drill Field Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Complete Set of Turn Out Gear</li> <li>✓ S.C.B.A. with Extra Bottle</li> </ul> <p><b>Recommended:</b></p> <ul style="list-style-type: none"> <li>✓ Knee Pads</li> <li>✓ Personal Webbing</li> <li>✓ Cable / Wire Cutters</li> </ul>
<b>Dates</b>	<div> Saturday, May 31, 2025, 8:00 AM – 5:30 PM  Sunday, June 1, 2025, 8:00 AM – 5:30 PM </div>
<b>Additional Notes</b>	<p>This class has been assigned to:  Gatlinburg Convention Center  234 Airport Road  Gatlinburg, TN 37738  Classroom: Ballroom B</p>

# 2025 Course List

<b>Course Name</b>		<b>FF111</b> <b>Introduction to Fire Department Pumpers</b>
<b>Length</b>	16 Hours	
<b>Description</b>	This course is designed to familiarize the student with the basic operation of fire department pumper apparatus. Course subject areas include types of pumps, pump operation, pump accessories, daily maintenance, and simplified fire ground hydraulic calculations. Classroom activities and practical application are included as part of the course.	
<b>Pre-Requisites</b>	None	
<b>Fees</b>	\$150.00 (Includes lunch for both days and full conference exhibit entrance)	
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper  <b>Drill Field Materials:</b> ✓ Helmet ✓ Rain / Weather Gear	
<b>Dates</b>	Saturday, May 31, 2025, 8:00 AM – 5:30 PM Sunday, June 1, 2025, 8:00 AM – 5:30 PM

# 2025 Course List

Course Name	 <b>Building Your Leadership Resume that will Outlast You</b>
Length	4 Hours
Description	<p>Are you an individual who wants to be a leader? Are you a current officer in Fire, Rescue or EMS? Are you an officer who wants to be a great leader? Are you a leader who desires to be used for great purposes to effect lasting change and to positively influence generations to come?</p> <p>If you fit one of these questions then you have found the class you have been looking for. You will not want to miss this high energy-high impact program as Chief Cline talks from a leader's perspective about investing in your most valuable resource, overcoming insecurities, making situations better, earning true respect and leading dynamically and intentionally utilizing concepts that are tried and true. You will not want to miss this cutting edge program as a current or future officer as it will help guide you toward becoming a selfless results-driven leader, whose impact on others will develop a legacy the will long outlast you.</p> <p>Instructor: Douglas Cline, Assistant Chief of Professional Development Horry County Fire Rescue</p>
Pre-Requisites	None
Fees	\$75.00 (Includes lunch for Saturday and full conference exhibit entrance)
Materials	<b>Classroom Materials:</b> ✓ Pen / Paper
Dates	Sunday, June 1, 2025, 8:00 AM – 12:00 PM
Additional Notes	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Classroom 6

# 2025 Course List

Course Name	 <b>Combat Ready Firefighting</b>
Length	4 Hours
Description	<p>Great firefighters deserve great commanders who effectively organize an incident and aggressively solve problems. This program eradicates impractical command that hinders the firefighter and gives you strategies to maximize your department's forces. Our instructors use decades of successes and failures at incidents to provide a methodical process that current and future incident commanders can use to manage incidents properly and aggressively. Students will leave with actionable knowledge, processes, and systems that can be immediately applied to improve the practicality and success of their command systems.</p> <p>Instructor: Nick Martin, Division Chief, Salisbury Fire Department</p> <p><a href="http://www.combatreadyfire.com">www.combatreadyfire.com</a></p>
Pre-Requisites	None
Fees	\$75.00 (Includes lunch and full conference exhibit entrance)
Materials	<b>Classroom Materials:</b> ✓ Pen / Paper
Dates	Saturday, May 31, 2025, 8:00 AM – 12:00 PM

# 2025 Course List

<b>Course Name</b>	 <b>FF289</b> <b>Pump Operations for the Attack Engine</b>
<b>Length</b>	4 Hours
<b>Description</b>	Serving as the fire department pump operator involves more than just holding a steering wheel and pulling levers on the pump panel. Simply put, the engine company relies on the pump operator to provide them with their life line – water. This 4-hour in-service class is designed to review more than just fire pump theory and will expose students to “street smart” topics such as: positioning considerations for the attack engine, placing the first line in service, “blitz” attack operations, operating from a pressurized water source, and simplified fireground hydraulics. This course will also focus on reviewing the characteristics of the hose and nozzle packages specific to the hosting fire department.
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$75.00 (Includes lunch for Sunday and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper ✓ Highlighter
<b>Dates</b>	Saturday, May 31, 2025, 8:00 AM – 12:00 PM
<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: 4

# 2025 Course List

Course Name	 <b>Low Angle Rope Rescue</b>
<b>Length</b>	16 Hours
<b>Description</b>	<p>The course is designed for the emergency responder who may be called upon to locate, gain access to, stabilize and remove victims in an elevated environment using ropes and rigging methods. Students receive instruction in selection, construction and use of rope based mechanical advantage systems. Topics also include selection, construction and use of multi-point anchor systems.</p> <p><b>This class involves extreme physical activity!</b></p> <p>Instructor: Stephen Whaley, Lieutenant, Sevierville Fire Department</p>
<b>Pre-Requisites</b>	<b>None</b>
<b>Fees</b>	\$150.00 (Includes lunch for both days and full conference exhibit entrance)
<b>Materials</b>	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>Drill Field Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Long Pants</li> <li>✓ Ankle Supporting Boots</li> <li>✓ Gloves approved for Rope Rescue</li> <li>✓ Helmet (Preferably light weight approved for rope rescue)</li> </ul>
<b>Dates</b>	<p>Saturday, May 31, 2025, 8:00 AM – 5:30 PM</p> <p>Sunday, June 1, 2025, 8:00 AM – 5:30 PM</p>
<b>Additional Notes</b>	<p>This class has been assigned to:</p> <p>Gatlinburg Convention Center  234 Airport Road  Gatlinburg, TN 37738  Classroom: The Ogle Room</p>

# 2025 Course List

<b>Course Name</b>	 <b>Introduction to Basic Vehicle Extrication</b>
<b>Length</b>	16 Hours
<b>Description</b>	<p>This course covers the design of a passenger vehicle, scene control, safety, special hazards, victim care and removal, controlling hazards and tool usage. Students perform extensive extrication with hand tools, stabilization equipment and hydraulic tools.</p> <p><b>This class involves extreme physical activity!</b></p> <p>Instructor: Tony Patty, Lieutenant, Pigeon Forge Fire Department</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$150.00 (Includes lunch for both days and full conference exhibit entrance)
<b>Materials</b>	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>Drill Field Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Complete Set of Turn Out Gear or NFPA Approved Extrication Gear</li> <li>✓ OSHA Approved Eye Protection</li> </ul> <p><b>Recommended Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Extrication Gloves</li> </ul>
<b>Dates</b>	<p>Saturday May 31, 2025, 8:00 AM – 5:30 PM</p> <p>Sunday, June 1, 2025, 8:00 AM – 5:30 PM</p>
<b>Additional Notes</b>	<p><b>***OFF SITE TRAVEL REQUIRED***</b></p> <p>This class will be at:  Walen's Creek Volunteer Fire Dept  2828 Goose Gap Road  Sevierville, TN 37876</p>

# 2025 Course List

<b>Course Name</b>	 <div> <b>***New Junior Firefighter Class***</b>  <b>Developing the Next Generation of Firefighters</b> </div>
<b>Length</b>	15 Hours
<b>Description</b>	<p><b>This class is replacing the “Basic Junior Firefighter Class” and “Advanced Junior Firefighter Class.”</b></p> <p>This workshop is designed to acclimate the next generation of firefighters to the public safety profession. A combination of lecture and drill field exercises will be utilized to demonstrate the knowledge, skills, and abilities required in firefighting and technical emergency operations. The class will remain engaged through the use of practical exhibition and explanation of various competencies found in today’s emergency services. Students will finish the program with a feeling of pride, fellowship, and common loyalty among the group.</p> <p><b>Students need to bring full turnout gear and an airpack.</b>  <b>Students will not be breathing bottle air</b></p> <p><b>***Age Limitation ***</b>  <b>Participants must be 14 years old by June 11, 2022 and not older than 17 by June 12, 2022</b></p>

# 2025 Course List

<b>Course Name</b>	 <b>Hunters Nightmare: Tree Stand Rescue</b>
<b>Length</b>	8 Hours
<b>Description</b>	<p>Class will cover types of tree stand emergencies and equipment for rescuing victims. Students will learn ascending techniques and simple raising and lowering systems to safely rescue individuals stuck in trees.</p> <p>Instructor: Bart Brindle, Education Trustee, Middle TN F.O.O.L.S.</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$100.00 (Includes lunch for both days and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper
<b>Dates</b>	Saturday, May 31, 2025, 8:00 AM – 5:30 PM
<b>Additional Notes</b>	<p>This class has been assigned to: Gatlinburg Fire Dept. St 2 309 Reagan Drive Gatlinburg, TN 37738</p>

# 2025 Course List

<b>Course Name</b>	 <b>FF218-01 Hazardous Materials Awareness</b>
<b>Length</b>	4 Hours
<b>Description</b>	<p>This Awareness Level training offered at the Tennessee Fire and Codes Academy is formatted to the individuals and emergency responders who are likely to witness, discover or respond to a hazardous substance release. They are also trained to define a hazardous material and its risks, recognize a release, identify the material if possible, and identify the need for additional resources, such as the area Hazmat Team. This includes law enforcement personnel.</p>
<b>Pre-Requisites</b>	<b>None</b>
<b>Fees</b>	\$75.00 (Includes lunch for both days and full conference exhibit entrance)
<b>Materials</b>	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>Drill Field Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Complete Set of Turn Out Gear</li> </ul>
<b>Dates</b>	Saturday, May 31, 2025, 8:00 AM – 12:00 PM
<b>Additional Notes</b>	<p>This class has been assigned to:            Gatlinburg Convention Center            234 Airport Road            Gatlinburg, TN 37738            Classroom: Mills Room 1</p>

# 2025 Course List

<b>Course Name</b>	 <b>FF228 Emergency Vehicle Driving Simulator Class 1</b>
<b>Length</b>	8 Hours
<b>Description</b>	<p>Emergency response driver training simulators (ERDTS) create real-world experiences that enable drivers to hone their skills within a variety of challenging situations. Drivers can learn a wide range of tasks, from basic vehicle operations to more advanced scenario-based tactical training, for many different vehicle types. This training enables the student to experience real-world situations without the logistical, legal, and moral ramifications that would automatically be attached to a mistake made on the streets. Unlike traditional driver safety courses that emphasize skills, law, and knowledge, the simulator empowers drivers to review their attitudes and find new ways to break old habits.</p> <p>The program covers</p> <ul style="list-style-type: none"> <li>• Fire Department Collisions</li> <li>• Mental Awareness</li> <li>• Stress Awareness</li> <li>• Aggressive Driving</li> <li>• Response Driving</li> <li>• Sensory Overload</li> <li>• Defensive Driving</li> </ul>
<b>Pre-Requisites</b>	<b>18 Years of age, member of an Emergency Services Branch</b>
<b>Fees</b>	\$100.00 (Includes lunch day of class and full conference exhibit entrance)
<b>Materials</b>	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>The following items of clothing are prohibited while participating in class activities:</b></p> <ul style="list-style-type: none"> <li>✓ Shorts</li> <li>✓ Sleeveless shirts</li> <li>✓ open-toed shoes</li> </ul>
<b>Dates</b>	<b>Saturday, May 31, 2025      8:00 AM – 5:30 PM</b>
<b>Additional Notes</b>	<p>This class has been assigned to:  Gatlinburg Convention Center  234 Airport Road  Gatlinburg, TN 37738  Classroom: 8</p>

# 2025 Course List

<b>Course Name</b>	 <b>Fire on the Farm</b>
<b>Length</b>	4 Hours
<b>Description</b>	<p>Some of the largest fires we face are in the farming and agricultural settings. This course will focus on the tactical objectives for the 1st and 2nd due rural companies and the challenges associated with fires involving barns, livestock, crops, and equipment.</p> <p>Instructor: Drew Goins, Co-Founder, Rust Belt Jakes Fire Training</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$75.00 (Includes lunch for Saturday & Sunday and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper ✓ Highlighter
<b>Dates</b>	Saturday, May 31, 2025, 8:00 AM – 12:00 PM
<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: 7

# 2025 Course List

Course Name	 <b>Developing the Next Generation of Fire Service Leaders</b>
<b>Length</b>	4 Hours
<b>Description</b>	<p>Professional development is the planned, progressive and lifelong process of education, training, self-development and experience that one gains during their development. In the fire service, professional development is a critical element of being a leader and a professional. When we step up to accept the responsibility of leadership, we also accept an obligation to continue our training, education, learning, personal experience and growth as we strive to improve our effectiveness. Professional development is an excellent tool for meeting that obligation. As fire service leaders and organizations, we must strive to provide continuing guidance to our most valuable resource, our personnel, through a carefully crafted professional development plan that meets the specific needs of the individual and organization. This program will help students with a guide to developing themselves as well</p> <p>Instructor: Douglas Cline</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$75.00 (Includes lunch for Sunday and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper ✓ Highlighter
<b>Dates</b>	Saturday May 31, 2025, 8:00AM – 12:00PM
<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Classroom 6

# 2025 Course List

<b>Course Name</b>	 <div> <b>Driver Operator</b>  <b>Development: Building from</b>  <b>the Ground Up</b> </div>
<b>Length</b>	4 Hours
<b>Description</b>	<p>Driver operators all across the country rely only on certification classes to prepare them for their role and responsibilities. This workshop is designed to dissect the roles and responsibilities of a driver operator on and off of the fireground and assist attendees with building effective development programs. The pump operator is the heart and soul of the fireground and can make or break an incident. In this workshop we will discuss the detailed knowledge and precision that is required in this role such as the district familiarization tips, water supply establishment, the pump panel, hose/nozzle packages, pump chart development, testing, maneuvering, and positioning. Training ideas will also be provided that can be incorporated into new or existing training plans.</p> <p>Instructor: Paul Watlington</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$75.00 (Includes lunch for Saturday and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper
<b>Dates</b>	Saturday May 31, 2025, 1:30PM – 5:30PM
<b>Additional Notes</b>	This class will be at: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Classroom 6

# 2025 Course List

Course Name		The New Officer: Preparation & Development
Length	4 Hours	
Description	<p>New firefighters have a plethora of opportunities available to them in the form of academies and mentorship programs. The gaps exist in the development of other ranks or positions in the fire service. Many ask the question "How much better would our officers be if we spent as much time developing them as we do our recruit firefighters?" The answer lies in the hands of fire service leaders. This workshop is designed for aspiring officers and those that prepare them. We will discuss the administrative and tactical decision-making skills and leadership skills required to be a successful officer. We will discuss making the transition as well as other tools to incorporate into your training and development plans such as officer candidate academies.</p> <p>Instructor: Paul Watlington</p>	
Pre-Requisites	None	
Fees	\$75.00 (Includes lunch for Saturday and full conference exhibit entrance)	
Materials	<b>Classroom Materials:</b> ✓ Pen / Paper	
Dates	Saturday May 31, 2025, 8:00AM – 12:00PM

# 2025 Course List

<b>Course Name</b>	 <b>FF110-043 Reading Smoke</b>
<b>Length</b>	4 Hours
<b>Description</b>	Reading the Smoke reviews the definition and warning signs associated with 5 hostile fire events: Rollover, Backdrafts, Flashover, Smoke Explosion and Building Collapse. The course then transitions to establishing the need to why Incident Commanders should read smoke in today's structures filled with low mass and high synthetic fuel loads. This course will identify what smoke consists of, the four key attributes of smoke and the process involved with reading smoke. The students will then have the opportunity to practice reading the smoke using actual fire footage.
<b>Pre-Requisites</b>	<b>None</b>
<b>Fees</b>	\$75.00 (Includes lunch for Sunday and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper

# 2025 Course List

<b>Course Name</b>		<b>FF300</b> <b>From Command to Firefighting:</b> <b>Using Thermal Imaging</b>
<b>Length</b>	4 Hours	
<b>Description</b>	Thermal imaging in today's fire service provides fire personnel with data to assist in the decision-making process. It is imperative personnel can not only obtain the data, but quickly interpret gathered data from the thermal imager. This course is designed to assist first arriving company/command officers with the 360-degree size up, as well as the on-going size up of the structure. The course also assists interior firefighting teams with interpreting data to facilitate rapidly locating and removing fire victims, locating flow paths, identifying rapidly deteriorating conditions inside the structure, and locating the seat of a fire and/or hidden fire in void spaces. Technology in thermal imaging has changed dramatically in recent years, thus providing fire personnel an effective tool to combat structural fires more safely. After completion of this course, personnel will be able to gather and interpret data obtained from the thermal imager, begin development of strategies and tactics that provide a safer approach to victim rescue and suppression of fire within a structure.	
<b>Pre-Requisites</b>	None	
<b>Fees</b>	\$75.00 (Includes lunch day of class and full conference exhibit entrance)	
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper	
<b>Dates</b>	Sunday, June 1, 2025, 1:30 PM – 5:30 PM	
<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Mills Room 2	

# 2025 Course List

<b>Course Name</b>	 <b>FF228 Emergency Vehicle Driving Simulator Class 2</b>
<b>Length</b>	8 Hours
<b>Description</b>	<p>Emergency response driver training simulators (ERDTS) create real-world experiences that enable drivers to hone their skills within a variety of challenging situations. Drivers can learn a wide range of tasks, from basic vehicle operations to more advanced scenario-based tactical training, for many different vehicle types. This training enables the student to experience real-world situations without the logistical, legal, and moral ramifications that would automatically be attached to a mistake made on the streets. Unlike traditional driver safety courses that emphasize skills, law, and knowledge, the simulator empowers drivers to review their attitudes and find new ways to break old habits.</p> <p>The program covers</p> <ul style="list-style-type: none"> <li>• Fire Department Collisions</li> <li>• Mental Awareness</li> <li>• Stress Awareness</li> <li>• Aggressive Driving</li> <li>• Response Driving</li> <li>• Sensory Overload</li> <li>• Defensive Driving</li> </ul>
<b>Pre-Requisites</b>	<b>18 Years of age, member of an Emergency Services Branch</b>
<b>Fees</b>	\$100.00 (Includes lunch day of class and full conference exhibit entrance)
<b>Materials</b>	<p><b>Classroom Materials:</b></p> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> </ul> <p><b>The following items of clothing are prohibited while participating in class activities:</b></p> <ul style="list-style-type: none"> <li>✓ Shorts</li> <li>✓ Sleeveless shirts</li> <li>✓ open-toed shoes</li> </ul>
<b>Dates</b>	<b>Sunday, June 1, 2025, 8:00 AM – 5:30 PM</b>
<b>Additional Notes</b>	<p>This class has been assigned to:  Gatlinburg Convention Center  234 Airport Road  Gatlinburg, TN 37738  Classroom: 8</p>

# 2025 Course List

Course Name	 Overhauled
Length	4 Hours
Description	<p>Overhauled will take a deep dive into the world of fire investigations. This course will cover the fundamental principles of fire investigations for company officers, public &amp; private investigations, current trends, and the impact of overhaul in fire investigations.</p> <p>Instructor: Drew Goins, Co-Founder, Rust Belt Jakes Fire Training</p>
Pre-Requisites	None
Fees	\$75.00 (Includes lunch for Sunday and full conference exhibit entrance)
Materials	<b>Classroom Materials:</b> ✓ Pen / Paper
Dates	Saturday, May 31, 2025, 1:30 PM – 5:30 PM
Additional Notes	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: 7

# 2025 Course List

<b>Course Name</b>		<b>IO 101</b> <b>Basic Fire Instructor Orientation</b> <b>Train-the-Trainer</b>
<b>Length</b>	2 Hours	
<b>Description</b>	<p style="text-align: center;"><b>IO 101</b> <b>Basic Fire Instructor Orientation</b></p> <p>This course is designed to provide basic fire ground skills necessary to operate and perform on the fire ground. The program is geared to volunteer firefighters and others who are unable to attend longer duration programs. The course covers sections of NFPA 1403: Live Fire Training Evolutions meeting the basic skill level for the student to participate in “live” firefighting training activities.</p> <p>This course is a pre-requisite for students who wish to attend the 16-hour F111 - Firefighter I Live Burn course at the Academy. The student will receive a certificate for Basic Firefighting upon successful completion of written and practical testing.</p> <p>Under the ACI program, the applicant will have completed training or certification that they are seeking to teach; have completed the corresponding Train the Trainer program; and have completed Fire Instructor I or comparable Instructor Methodology training.</p> <p><b>NOTE: There is a 100-question exam at the end of this class, students must score a minimum of 80% to pass.</b></p>	
<b>Pre-Requisites</b>	None	
<b>Fees</b>	\$30.00 (Includes lunch for Saturday and full conference exhibit entrance)	
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper	
<b>Dates</b>	Saturday, May 31, 2025, 3:30PM – 5:30PM	
<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: 1

# 2025 Course List

Course Name	 <b>FF281 Tactical Decision Making</b>
<b>Length</b>	4 Hours
<b>Description</b>	<p>Tactical decision making is designed to expand fire ground skills in 4 learning modules: fire service statistics and fire science, leadership and the incident command system, a table top exercise(s), and a final exam. The first module briefly introduces students to fire service injury statistics with an emphasis on mishap reduction, the hazards of smoke, the science of fire, and conditions leading to building collapse. Module 2 is a thought provoking approach to personal leadership, incident command system structure, and the strategies and tactics for a successful incident. Module 3 wraps-up with a group table top exercise specifically chosen to reinforce modules 1 and 2. The exercise ends with a debriefing and sample of reporting procedures. A 20-question final exam is designed to reinforce the learning experience.</p>
<b>Pre-Requisites</b>	None
<b>Fees</b>	\$75.00 (Includes lunch for Saturday and full conference exhibit entrance)
<b>Materials</b>	<b>Classroom Materials:</b> ✓ Pen / Paper ✓ Highlighter
<b>Dates</b>	Sunday, June 1, 2025, 8:00 AM – 12:00 PM

<b>Additional Notes</b>	This class has been assigned to: Gatlinburg Convention Center 234 Airport Road Gatlinburg, TN 37738 Classroom: Mills Room 2	

# 2025 Course List

Course Name	 <b>Residential Victim Search: Expanding on the Basics to Improve the Culture</b>
Length	4 Hours
Description	<p>This class is designed for members of volunteer and career departments. The industry standard tends to lean on the basics. While the basics are vital, many tactics in the service have room to expand. Victim search is one of the aspects of the job that we cannot afford to be deficient at. The citizens need us to be firing on all cylinders when we arrive on scene. The only way to do that is to be familiar with aspects of the incident such as modern fire behavior, victim profiling, victim survivability, building construction, tenability, and search techniques as well as the concept of VES. Victim search is our top priority on the fireground, but in many cases it is a coordinated effort with the attack team. Paul will break down the topics mentioned and create critical thinking opportunities when it comes to the tactical decisions that we make on the fireground regarding victim search.</p> <p>Instructor: Paul Watlington, Assistant Chief, City of Burlington Fire Department, NC</p>
Pre-Requisites	None
Fees	\$75.00 (Includes lunch for Saturday and full conference exhibit entrance)
Materials	<b>Classroom Materials:</b> <ul style="list-style-type: none"> <li>✓ Pen / Paper</li> <li>✓ Highlighter</li> <li>✓ NFPA Approved Structural Gear</li> </ul>
Dates	Sunday, June 1, 2025, 8:00 AM – 12:00 PM
Additional Notes	<p>This class has been assigned to:  Sevierville Fire Department  1162 Dolly Parton Parkway  Sevierville, TN 37862  Classroom: 5</p>

# 2025 Course List

Course Name	 <b>Hose &amp; Nozzles: Smart Decisions</b>
Length	4 Hours
Description	<p>This class is designed to inform attendees of the facts of hose, nozzles, and apparatus pumps so that they can make the right decisions with their preparation. Nozzles are not just nozzles and hose is not just hose. It is hard to find a class that will explain in detail the ins and outs of hose/nozzle packages without turning into a sales pitch. Paul breaks down nozzle capabilities as well as proper uses. He also discusses the relationship between those nozzles and the hose that they are paired with. Hose and nozzle packages are important to understand when it comes to operation as well as purchasing. Many departments purchase what they get the best deal on rather than the decision being based on performance. Paul has spent countless hours of performing testing and demonstrations with hose and nozzle companies as well as consulting with fire service professionals from all over the country to develop the best approach for departments to evaluate and develop their hose/nozzle operations and purchasing. Obviously when it comes to hose and nozzles, you must let pumps into the conversation. Paul will discuss the relationship between hose/nozzle packages and apparatus pumps. Maximizing the capabilities of your personnel is one thing but doing the same with your equipment makes a world of difference.</p> <p>Instructor: Paul Watlington, Assistant Chief, City of Burlington Fire Department</p>
Pre-Requisites	None
Fees	\$75.00 (Includes lunch for Sunday and full conference exhibit entrance)

# 2025 Course List

<b>Course Name</b>		<b>FF287</b> <b>Let's Talk Electric Vehicle Safety</b>
<b>Length</b>	4 Hours	
<b>Description</b>	<p>In today's constantly evolving Fire and Emergency Services world we must look at how technology is affecting how we respond to emergencies in our communities. Our goal for everyone is that we go home safe after each shift. Therefore, we must continue to train like our lives depend on it because they do. As our country continues to reduce its dependance on fossil fuels and finds new alternatives, we in the fire service must also identify different ways to educate ourselves to these new technologies. That is why, in this class, we are looking at plug-in electric vehicles.</p> <p>These types of vehicles and their technology are challenging to our responders and must be better understood to maintain a safe environment. To accomplish this, we will look at the history of electric vehicles from the past to the present. The difference between the all-electric plug-in vs the hybrid-electric plug-in. What the state's plan is for electric vehicles and their partnerships to accomplish its goals. Also infrastructure, both public and residential, that supports the electric vehicle ownership.</p> <p>Then we will explore the response to emergencies involving plug-in electric vehicles. This will include both vehicle fires and crashes. The goal is to identify the special hazards that electric vehicle technology present to responders today. In this section we will look at how the electrical system of the vehicle must be addressed to ensure that we have a safe scene and are able to mitigate the emergency.</p>	
<b>Pre-Requisites</b>	None	
<b>Fees</b>	\$75.00 (Includes lunch for Sunday and full conference exhibit entrance)

# 2025 Course List

Course Name		Wildland Urban Interface Tactical Challenges	
Length	16 Hours		
Description	<p>This course is designed to enhance a structural firefighter’s knowledge about firefighting strategies, tactics and certifications in the wildland fire environment. This course strengthens the education a firefighter has already received within the National Wildfire Coordinating Group (NWCG) S-130/S-190 online courses through the National Fire Academy. Sand-table exercises are used extensively to simulate firefighter responses to wildland events. Topics of discussion include Firewise principles, Ready, Set, Go! Evacuation models, Fire Shelters/PPE and After-Action Reviews of major wildland fires.</p> <p>Instructor: Kevin Nunn, Fire Chief</p>		
Pre-Requisites	None
